CASEY BUSINESS OF THE YEAR AWARD

Winner: Successful Endeavours Pty Ltd

Sponsor:

The City of Casey

Electronics and software developer Successful Endeavours took top honours at the inaugural Casey Business Awards being named 2010 Casey Business of the Year. Mayor, Cr Lorraine Wreford congratulated Ray and Junette Keefe on their win.

Successful Endeavours is based in Berwick and provides electronics design, software development and small scale production to the Australian electronics manufacturing industry.

Mayor's Message

I am pleased to declare the inaugural Casey Business Awards a categorical success!

I was thrilled with every aspect of the Awards: the number and quality of business participants, the support from our sponsors, the calibre of the winners, and the glittering Awards ceremony itself.

The Casey Business Awards were designed to encourage local enterprise and celebrate business success in the City of Casey, and we were extremely pleased to have had 121 applications from 83 businesses across the municipality, well beyond our expectations for an inaugural event.

Nineteen sponsors provided outstanding support for the event, indicating their confidence in our local business sector, and their interest in the development and sustainability of Casey's economy. Council greatly appreciates the participation of these sponsors, and we are proud to display their logos in this special edition of *inBusiness* magazine.

Thanks to our sponsors, nine winners of the 2010 Casey Business Awards shared a total prize pool of \$13,000.

An independent judging panel of industry professionals looked for innovation, environmental sustainability, business planning and enthusiasm. The finalists displayed all of these qualities, and the winners are fine examples of strong businesses with all the hallmarks of success today and into the future.

Congratulations to Berwick-based electronics manufacturer Successful Endeavours on being named the 2010 Casey Business of the Year. Congratulations also to the category and Judges' Choice Award winners.

These were announced at a fabulous Awards dinner attended by more than 250 guests and local business owners. It was an exciting night creating an excellent opportunity for professional networking to further strengthen our business community.

I am pleased that we are able to showcase the winning enterprises in this edition of *inBusiness*, and hope that their stories, and the qualities that have made them stand out, will inspire others to even greater achievement.

Planning has already begun for the 2011 Casey Business Awards, and we look forward to increased participation from our thriving business community. We love to hear your success stories, and to celebrate excellence, so if you weren't in it this year, put the 2011 Casey Business Awards on your must-do list!
